

## Community-Led Library Service Network

### Terms of Reference:

- Act as a national forum where library workers can exchange ideas and learn from one another and/or from experts in community-led library service.
- Support and promote community-led library service initiatives.
- Promote interest in community-led library service among graduate library and technician program students
- Facilitate conference sessions and training opportunities related to community-led library service
- Facilitate opportunities for sharing and developing best practices in implementing and evaluating community-led library service
- Collaborate with other members, committees, networks, and the Executive of the Canadian Library Association /Association canadienne des bibliothèques.

### Plan of activities:

- Establish electronic communication (e.g. blog or list serve) with network members and other members of CLA.
- Develop mechanism for electronically sharing resource materials, including: training materials, conference presentations and community presentations
- Respond to requests for information from the CLA Executive.
