

## Information Services for Business Network

### Mandate

- To promote a network of business information specialists and services across Canada who could share their ideas, expertise and client tools with respect to the accessing and delivering business information.
- To facilitate an exchange of knowledge about business information among librarians and information professionals in economic development and other government libraries, small business & entrepreneurship centres, academic and public libraries, and corporate information services.
- To articulate the value of business information services and libraries, and to share techniques for promoting library services to the business community and to management.
- To encourage new professionals to become business librarians, and promote information services to business within the wider library community, within and outside CLA.

### Services to Network Members

- ISBNNewsletter will be emailed approximately four times a year.
- Session proposals submitted to CLA Conference Planning Committee
- Annual meeting at CLA conference
