

## **Olga B. Bishop Award**

CLA/Access to Government Information Interest Group

The annual \$200 Olga B. Bishop Award will go to the library school student submitting the best paper on government information or publications. Papers can be about government publications, data files, cartographic resources, or government information policies. Submissions are invited from students currently enrolled at graduate library and information science schools in Canada.

Originality, readability, accuracy, and relevancy are among the qualities that the committee will consider when reading and ranking the papers.
