

Voices for School Libraries Network

Terms of Reference

Interested membership will collaborate, communicate, support and promote understandings about school libraries. The network resources will include School Libraries in Canada (SLIC) online journal, School Library Information Portal (SLiP/PiBS), an online network, a national communication network. Actions will include facilitating and conducting research, publication of 'Copyright for Schools and School Libraries' and publication of the above online resources. This network will operate through online contact, three teleconferences in a year, and face-to-face meetings, when possible. Members of the network will participate in and promote the TD Reading Summit and National School Library Day, as national initiatives. The network will maintain contact with the CLASY (Canadian Libraries Are Serving Youth) and the Library Technicians and Library Assistants networks.
