

Government Library and Information Management Professionals Network

Blog: <http://clagov.wordpress.com/>

Twitter: [@CLAGovt](#)

Terms of Reference:

- To link CLA members working in government libraries and government information services to CLA's national organization;
- To provide programs and services to government library and information professionals;
- To promote government libraries and government information services as career paths;
- To provide a means for information professionals working in federal, provincial, territorial and municipal governments to exchange information and communicate with each other; and
- To serve as a communication channel for input into national issues.

Plan of activities:

- Delivering continuing education programs;
- Producing a directory of government libraries in Canada;
- Undertaking projects to profile the public sector library and information management community (statistical profiles, etc.)
- Liaising with other CLA units on issues of relevance to public sector library and information management professionals.
